

HEATHER'S CAMP

Heather's Camp is a program devoted to providing a summer camp experience to vision impaired and blind youth. Founded in 2001, the volunteer staff of Heather's Camp attend to the special needs of these special children so they can have fun in a safe and caring environment.

For many of the campers it is their first time to be away from home, their first time to ride a horse, shoot archery, paddle a canoe or toast marshmallows around the campfire. Most importantly, the campers have a chance to develop friendships with children who face the same everyday challenges they do.

At Heather's Camp kids can just be kids...

HISTORY OF HEATHER'S CAMP

Heather's Camp was founded by the staff of the Vision Rehabilitation Center and the Delta Gamma Chapter of Wichita State University to honor the memory of Heather Muller.

Heather was finishing her master's degree in early childhood special education when she lost her life on December 15, 2000. Heather was a sister in Delta Gamma and a pre-school teacher at St. Thomas Aquinas. She loved children and felt that helping those with special needs was to be her life's work.

Please help us to honor Heather's memory so that we can carry on her dream of helping others. Thank you for your support.
